

La dolce vita: Italian-style.

The riva tal is a center of attraction and popular hang-out for fans of Italian cuisine. It offers a clever mix of Southern European flair and the lightness of Medi-terranean cuisine and culture.

The riva bar pizzeria right beside the Isartor is perfectly in tune with modern city life in Munich: an accomplished mix of bar and pizzeria - lively and cosy at the same time. The huge windows at the front allow guests to observe the hustle and bustle of Munich's city life while the original beech wood stove and glass mosaic tiles in the bar area create a warm and friendly atmosphere. During the day the restaurant is the perfect place to rest after a shopping trip or to relax during a lunch break. Later on, a long drink or a cocktail at the bar is the perfect beginning to an enjoyable evening. The custom designed oak and teak wooden tables and chairs give the restaurant area a unique atmosphere and simplistic extravagance. Models of the Italian motor boat manufacturer of the same name, "Riva", decorate the walls of the room. The well known Italian cuisine is complemented by innovative creations: alongside the traditional Rocket Pizza, the menu offers its guests also an exotic Chicken Curry Pizza as well as salads and pasta. riva tal manages to combine Italian dolce vita and Munich's lifestyle into the perfect culinary experience.
