PIZZA

With the famous pizza flour from the Münchner Kunstmühle, we bake a pizza that is tender and crispy at the same time. We hardly use any yeast and give the dough a lot of time for a very natural taste.

PINSA ROMANA

...is an almost forgotten original form of pizza from ancient Rome. We knead this special dough from wheat, rice and soy flour before letting it rise gently for up to 72 hours. That is why the Pinsa Romana is not only aromatic, but also very light and well tolerated.
